

THE CONTENT PLANNING PARTY – DAY 1

**Getting Clear On Your Message
And Setting Your Goals**

THE CONTENT PLANNING PARTY - DAY 1

Put your unique spin into the following message:

I help

to

through

so that they can

Here's an example of mine: *I help high-performing women entrepreneurs to build and grow their impactful, freedom-based business through one on one coaching and programs focused on mindset, strategy, and execution so that they can create a business and a life that truly lights them up.*

What's your #1 goal over the next 15 weeks? Get specific!

Why is that so important to you?

Bonus! I call this a Content Planning Party because I want it to be FUN for you to plan out your content and get to share your message 🥳 So, after you get clear on your message and set your goals, consider sharing them with someone. (The more, the merrier, right? 🎉) Then, write below how you're going to CELEBRATE yourself for taking this time to get super intentional with your business and your content!!
